## **CORRESPONDENT'S MESSAGE**

Rev. Fr. S.Godwin Selva Justus

Dear St. Xavier's Family,  
Greetings to You!

It gives me great pleasure to connect with you through this Campus Connect. I consider this publication a valuable record that highlights all the events conducted each month. However, it is disappointing that this document is not adequately valued or recognized by our own faculty and students. It is even more discouraging to note that some faculty in charge do not update their activities on time. Every institution has a history, and when that history is neglected, meaningful growth becomes difficult. I sincerely appreciate the efforts of the editorial board in bringing out this monthly issue in such an efficient manner.

The month of December was filled with numerous celebrations, and January has been equally vibrant. This year, we celebrated Pongal at the college level, followed by Kumari Fest. In all our celebrations, it is essential to uphold a sense of collective responsibility. This institution is our family, and we must carry a sense of ownership in everything we do. Maintaining campus discipline, protecting our credibility, and preserving our culture are responsibilities we all share. Any lapse may affect the entire St. Xavier's community. Let us be mindful—this is our home.

Dr. J. Maheswaran  
Principal
