The Seventh Board of Studies Meeting of the Faculty of Computer Science and Engineering and Information Technology commenced with a prayer offered by Dr. A. Anisha, Assistant Professor, Department of Computer Science and Engineering. Mrs. J. S. Simi Mole, Assistant Professor, Department of Computer Science and Engineering, extended a warm welcome to the gathering. Dr. J. Maheshwaran, Principal, delivered the introductory address.

The minutes of the Fifth Board of Studies Meeting and the Academic Council Meeting, along with the Action Taken Report, were presented by Dr. P. R. Sheebha Rani, Head, Department of CSE.

07.01. Confirmation of Sixth BoS meeting minutes held on 26-05-2025 and presentation of the Decision/Action taken report.

Department: Computer Science and Engineering

Sl No	Suggestions / Recommendations of V BOS meeting	Action taken	Remarks
1.	It has been suggested to revise the first-year curriculum to incorporate the following change: In the first semester, the 'Computer	<ul style="list-style-type: none"> • Implemented (CSE, CSE-CS, IT, AI&DS and ECE). • Data Science using Python will be included in the fourth semester. 	Confirmed in the BoS meeting.

	Programming with C' course may be introduced in place of the existing 'Problem Solving and Python Programming' course for students enrolled in CSE, CSE-CS, IT, and AI&DS programs. This change is intended to enhance students foundational understanding of programming logic. In the second semester 'Problem Solving and Python Programming' course can be included.	<ul style="list-style-type: none"> • Java included in the second semester. 	
2.	In the first semester, for the students of ECE, EEE, Mech and Civil programs it was suggested to revise the existing syllabus of 'Problem Solving and Python Programming' course to strengthen their basic programming concepts.	Implemented (EEE, Mech and Civil)	Confirmed in the BoS meeting.

07.02. Discussion on the Suggestions / Recommendations offered by the members in the sixth Academic Council meeting.

No department-specific suggestions or recommendations were offered by the members of the Academic Council.

07.03. Presentation of the proposed curriculum and syllabi and getting recommendation for approval of curriculum and detailed syllabi for the I semester both UG and PG Programmes for regulation 2026.

The Board of Studies discussed and unanimously resolved the following modifications and updates to the syllabus and course structure:

1. The subject titled **"Data Structures using Java"** shall be renamed as **"Data Structures"**.
2. The course titled **"Cryptography and Network Security"** shall be rephrased as **"Network and Information Security"**.
3. Avoid the term **"Introduction"** as a topic in all the courses.
4. Prescribed textbooks shall be updated to the latest editions.
5. The **Internship** component shall be enhanced to include provisions for **publications and patent (IPR) details** undertaken or achieved post-internship.
6. In the **Problem-Solving using C Programming** course syllabus:
 - a. Unit 3 title shall be renamed to **Functions and Strings**.
7. In the **Java Programming** syllabus:
 - a. The **first and second course objectives shall be interchanged**.
 - b. The topic **"Overview of Java"** shall be suitably replaced.
 - c. Unit 2 title **"Object Oriented Programming Concepts"** shall be suitably renamed.
 - d. The topic **"Classes and Objects"** shall be positioned before **Constructors** in the syllabus sequence.
8. In the **Java Programming Laboratory** syllabus:
 - a. The experiment titled **"Mini Project"** shall be replaced with **"Case Study"**

9. For PG courses, the term "Advanced" shall be rephrased using a more appropriate academic term for the suitable subjects.

These recommendations were approved and shall be implemented in the forthcoming syllabus revision.

07.04. Other matters if any.

After presenting the above suggestions and recommendations, the Board of Studies (BoS) recommended the curriculum and detailed syllabi for the I semester both UG and PG Programmes for regulation 2026.

The meeting concluded with a unanimous acknowledgment of the efforts and contributions of all members.

Dr. J. Maheshwaran, Principal, delivered the vote of thanks, and the meeting concluded at 1:15 PM.

Nil

01.03 Presentation of the proposed curriculum and getting recommendation for approval of the 1st and 2nd semester department designed courses for UG programmes under regulation R-2026.

- ✓ Include the topic JFrameworks topic in the course “Java Programming”
- ✓ Change the course topic from “Web Essentials” to “Web Technology”
- ✓ Finalize the list of Industry Collaborated Courses
- ✓ Change the name of the subject from “Cryptography and Network Security” to “Networks and Information Security” or any relevant one
- ✓ Verticals

- It is enough to have 5 verticals instead of 6
- Also change the vertical topic from “Media Processing” to “Multimedia Processing”
- The verticals are as follows (reduce one from this)
 - Artificial Intelligence & Data Science
 - Cyber Security
 - Full Stack Engineering
 - Multimedia Processing (include Computer Vision, Natural Language Processing, etc.,)
 - Fintech and Web 3.0 (Blockchain)
- ✓ Subject - Problem Solving using C Programming – Semester I
 - Set Unit III as “**FUNCTIONS AND ARRAYS**” and include the syllabus same to that
 - Include the books published after 2020 at the most with their availability
- ✓ Subject – IT Primers – Semester I
 - Consider the language Python for this subject for learning practical contents, so that basics of python can be learnt
 - Remove the topics arrays and functions as it is being taught in Problem Solving using C Programming in Sem I and this subject is Python specific
 - Remove the Specification of C language from the syllabus
 - Include the basic concepts in OS in unit II
 - Reduce the contents in unit V –remove topics “Raster and Vector Graphics”
 - Include basic system software concepts like linker, loader, assembler, compiler, interpreter
 - Change practical 7 from “Image editing project” to “Image editing exercises”
- ✓ Subject – Object Oriented Programming using C++ - Semester II
 - Recommended not to specify OOPs using C++ just keep it as OOPs
 - Change unit II topic from “**CLASSES AND OBJECTS, CONSTRUCTORS AND DESTRUCTORS**” to “**CLASSES AND OBJECTS**”
 - Change the contents of unit III and Unit IV and make the following changes

- Unit III should include the contents of Polymorphism and Inheritance and name it as “**Polymorphism and Inheritance**”
- Unit IV should be changed from “**POLYMORPHISM, I/O OPERATIONS AND FILE HANDLING**” to “**IO Operations and File Handling**” with the needed topics
- Unit V topic is to be changed from “**TEMPLATED, EXCEPTION HANDLING AND STL**” to “**EXCEPTION HANDLING, TEMPLATED AND STL**”
- Include the book “**Programming with C++**”, D Ravichandran, Tata McGraw-Hill, 2017 or any latest edition if available

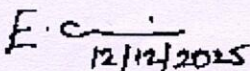

01.04. NPTEL/NASSCOM courses completed

Sl.No	Student name	Course Name	Status	Level (Pass/ Elite)
1	POOJA V	Mobile Virtual Reality and Artificial Intelligence	63%	Elite

01.05. Other matters if any.

After presenting the above suggestions and recommendations, the Board of Studies (Bos) recommended the curriculum and syllabus for the first and second semester courses.

The meeting concluded after appreciating and acknowledging the effort and contribution of staff members. Dr. A Anisha, Assistant Professor, Department of Computer Science and Engineering delivered the vote of thanks when the meeting concluded at 12:30 p.m.

The Seventh Board of Studies meeting started with a prayer by Dr. A. Anisha, Assistant Professor, Department of Computer Science and Engineering. The welcome address was delivered by Ms. J.S. Simi Mole, Assistant Professor, Department of Computer Science and Engineering. Dr. J. Maheshwaran, Principal, delivered the introductory address. The minutes of the Sixth Board of Studies meeting and the Academic Council Meeting, along with the action taken report is presented by Dr. R. Jemila Rose, Head, Department of Artificial Intelligence and Data Science.

07.01: Confirmation of sixth BoS meeting minutes held on 26-05-2025 and Decision/Action taken report.

The HOD presented the minutes of the previous meeting and the action taken report. The BOS members gave the following remarks.

Suggestions	Action taken	Remarks
The title of the course "Project Work / Internship", shall be renamed as "Project Work".	Changed	Project work / Internship is renamed as "Project Work".

07.02. Discussion on the Suggestions / Recommendations offered by the members in the VI Academic Council meeting and the VI Governing Body meeting.

During the VI Academic Council Meeting, it was resolved to include the subject Artificial General Intelligence in the curriculum.

07.03. Presentation of the proposed curriculum and getting recommendation for approval for the 1st semester courses draft syllabi of UG Programme for regulation 2026.

Suggestions for the Syllabus are as follows:

- The First Semester subject title shall be revised from Computer Essentials and Intelligent System to Artificial Intelligence and Computer Essentials.
- The First Semester syllabus shall incorporate basic AI topics to provide early.
- The Java Programming subject syllabus shall be updated to include modern Java tools and frameworks.
- The Data Analytics subject shall be positioned after the Probability and Statistical techniques subject to ensure better conceptual progression.
- Generative AI shall be included as a core paper instead of being offered under verticals.
- The subject title Digital Image Processing shall be renamed as Computer Vision.
- Under verticals, a domain related to AI Security shall be introduced.
- Prompt Engineering shall be included in verticals instead of GPU Computing.

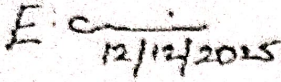

Offering the above suggestions, the BOS recommended the entire curriculum of regulation 2026 and the syllabus of 1st semester courses draft syllabi of UG Programme for regulation 2026.

07.04. Discussion on NPTEL course for ratification.

Nil

07.05. Other matters if any.

01.01. Presentation of the proposed curriculum and getting recommendation for approval of the 1st and 2nd semester department designed courses for UG programmes under regulation R-2026.

Dr.N.Ansagar Mary,Head,DepartmentofComputer Science and Engineering(Cyber Security) has presented the following:

- Detailed curriculum of R-2026
- Courses offered from the department during first and second semester
 - Fundamentals of Computing and Logic Circuit Design
 - Data Structures using C
 - Data Structures using C Laboratory

- **Suggestions for Course Change**

The members recommended to change some of the courses in the curriculum.

Details are as follows.

Sl.No	Semester	Course Name	Course recommended by BOS members
1	1	Fundamentals of Computing and Logic Circuit Design	Cyber Security Essentials
2	3	Computer Architecture and Organization	Digital Principles and Computer Architecture
3	5	Python for Cyber Security	Intrusion detection and internet Security

- **Suggestions for Course Name Change**

The members recommended to change some of the course names in the curriculum. Details are as follows.

Sl.No	Semester	Course Name	Course Name Recommended by BOS members.
1	2	Data Structures using C	Data Structures
2	2	Data Structures using C Laboratory	Data Structures Laboratory
3	3	Database Management Systems and Security	Database Security
4	3	Oriented Programming Using Java	Java Programming
5	3	Database Management Systems and Security Laboratory	Database Security Laboratory
6	4	Web Programming and Web Application Security	Web Programming
7	4	Web Programming and Web	Web Programming Laboratory

		Application Security Laboratory	
8	6	Digital Forensics and Incident Response	Cyber Forensics
9	6	Cloud Computing and Security Foundations	Cloud Computing and Security

- Python for Cyber Security can be moved to fifth semester to third semester.
- Data Science subject can be moved to vertical.
- In the vertical list no need of having 'Cyber Security' as the vertical title.
- Vertical title and subject names should be reframed.
- Do not have the course name or unit name starting with a word "Introductionto...."
- Follow common representation of topic, sub-topic separations in all the departments.
- To specify the activities for the courses if the activities are common keep after the end of all the units or if the activities are specific for each units give the activity for every unit.

01.02. Presentation of the proposed curriculum and getting recommendation for approval of the 1st, 2nd, 3rd and 4th semester courses offered from the department for UG programmes under regulation R-2022.

- Detailed curriculum of R-2022
- Courses offered from the department during Third and Fourth semester are
 - Digital Principles and Computer Architecture
 - Java Programming
 - Operating Systems and Security
 - Database Design and Management
 - Network Terminologies
 - Cyber Security Essentials
- Detailed curriculum of R-2022
 - In R-2022 curriculum instead of "Data Science" course it is suggested to include 'Cyber Forensics' course in the sixth semester.

- o Data science subject can be added in the vertical.

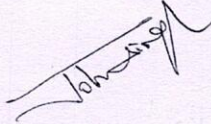

01.03. Other matters if any.

After presenting the above suggestions and recommendations, the Board of Studies (Bos) recommended the curriculum and syllabus for the first and second semester courses. The meeting concluded after appreciating and acknowledging the effort and contribution of staff members.

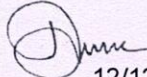

Dr. A Anisha, Assistant Professor, Department of Computer Science and Engineering delivered the vote of thanks when the meeting concluded at 12:30 p.m.

06.04. Suggestions in framing curriculum for regulation R-2026

- It is recommended to remove the phrase "using Python" from the course title "MC26104 – Data Structures and Algorithms using Python" and to remove the word "Foundations" from the course title "MC26201 – Foundation of Data Science."
- It is proposed to assign 12 credits to the Major Project, thereby increasing the total credit requirement of the programme to 75 credits.
- It is suggested that elective courses be classified into technical electives and non-technical electives, with the latter including management-related courses.
- It is recommended to conduct two bridge courses for non-computer science students prior to the commencement of the first semester, with additional bridge course content to be offered through NPTEL courses.
